

ALEXANDRIANS OPPOSE
WATER RATE INCREASEGraves of 3,566 Soldiers Decorated
with Flags and Flowers.THE HERALD BUREAU,
R. E. Knight & Son,
1111 K St. N.W.

Alexandria, Va., May 30.—A storm of protest from every quarter is sweeping over Alexandria over the proposition of the Alexandria Water Company to increase its rates double its rates which it has just presented to the State corporation commission. First action to set at naught such a movement was taken this afternoon when F. P. Marbury, president of the board of aldermen, and H. W. Smith, president of the common council, issued a call for a joint session of city council which will be held at 8 o'clock Friday night to take action to protect the people's rights.

With the announcement that the water company was seeking to greatly increase its rates, the people were daily expecting a report on a suit for a reduction of rates from the same commission to which the company has applied for an increase. Last year's suit, instituted by residents of this city and Alexandria County to compel it to reduce its rates, was heard in Alexandria. No decision has yet been announced by the commission on the proposition.

Memorial exercises were held at 4 o'clock this afternoon at the National Cemetery, this city, and were largely attended. Graves of the 3,566 Union soldiers were each decorated with flowers and an American flag. Gurnon R. Scott, S. V., presided. Addresses were delivered by Rev. Edgar Carpenter, rector of Grace Protestant Episcopal Church, this city, and Col. John McIlroy, past commander, Department of the Potomac.

Silas C. Robb, past commander, Maryland Sons of Veterans, read Lincoln's Gettysburg address. Rev. A. E. Spelman, pastor of Trinity M. E. Church, gave the invocation and benediction, and a choir, under the direction of J. T. Preston, furnished music. A salute was fired by the Alexandria Light Infantry.

With an idea of increasing the sale of liberty loan bonds, what will be known as the Alexandria loan committee was organized today with the election of these officers: Leo P. Harlow, president; Robert L. Payne, vice president; Robert S. Jones, treasurer; J. T. Preston, secretary.

These officers have been chosen by the Parent-Teachers' Association for the year: Mrs. William J. Morton, president; Mrs. T. Clifton, first vice president; Mrs. James M. Duncan, second vice president; Mrs. James W. Spencer, third vice president; Miss Nellie Payne, secretary; C. R. Burrus, treasurer.

MANY SEE WAR PICTURES.

Motion pictures, showing the war activities of the allied nations as well as those of the United States were shown at the base of the Washington Monument last night as part of the Memorial Day exercises. The pictures, which were seen by hundreds of persons, were from films supplied to the Bureau of Commercial Economics, division of public instruction, by the French and British war offices.

WOMAN "MASTER-MIND"
VEILED WITH SECRECYLeader in Anti-Draft Plot Guarded by
Federal Agents.

Chicago, May 30.—The veil of secrecy surrounding the identity of the prominent Chicago woman detained by Federal agents and suspected of being the "master mind" directing operations of parties working to defeat the draft registration June 5, was as deep as ever today, although one more link in the rapidly lengthening chain of evidence was forged through the arrest of another woman.

The last suspect was to be questioned today by Hinton O. Clabaugh, chief of Federal investigators here, in connection with anti-war riots in Grant Park recently. She is said to be about 25 years of age.

In her room were found several note books which are said to contain notes in shorthand dealing with chemical formula for the manufacture of explosives. In all about thirty persons have been arrested in connection with alleged anti-draft plots during the last twenty-four hours. They will be arraigned by W. L. Furbush, assistant to Chief Clabaugh.

Chief Clabaugh slipped up to Wisconsin yesterday on a new trail. He is expected back today.

First Land Ship "Launched"
As Navy Recruiting Station

New York, May 30.—America's first land ship was formally "launched" this afternoon when after a brief inspection Mayor Mitchell turned over to Rear Admiral Usher, representing the Navy Department, the U. S. S. Recruit.

The Recruit is a giant wooden replica of a battle-cruiser built in Union Square by popular subscription and hereafter will serve as a recruiting station for the navy and marine corps.

Nujol For Constipation

The Uphill Road after Forty-five

In America, men age prematurely after the age of forty-five. Statistics show that the mortality from the degenerative diseases is steadily increasing.

Digestive disorders, particularly constipation and intestinal stasis, are in most cases the underlying causes for this premature aging of the system.

Doctors recognize that the increasing use of drugs and physics is one of the chief causes of chronic constipation. The use of Nujol, the internal lubricant, is a far safer and more sensible means of bringing about normal bowel movements.

Nujol is not a drug and is not absorbed by the system. It acts mechanically

by keeping the intestinal contents soft, and by lubricating the entire intestinal tract.

As Nujol is not a physic but a lubricant, it does not gripe or upset the system. Being tasteless, it is not unpleasant to take.

The Standard Oil Company (New Jersey) has used its world-wide resources in producing Nujol and its reputation is behind the product.

Nujol is the only remedy for constipation in manufacture. The genuine sold only in pint bottles bearing Nujol trade-mark. All bottles filled at our Nujol plant, absolutely modern and sanitary.

Write today for an instructive booklet on Nujol and its uses.
